

SOLUTION BRIEF

TowerVizion

Designed for asset managers, site operators, and leasing teams overseeing distributed telecom infrastructure, TowerVizion delivers near real-time visibility into leases, tenants, site operations, and revenue. Instead of toggling between spreadsheets, outdated dashboards, and disconnected systems, TowerVizion brings it all together. Whether you're managing five towers or five thousand, TowerVizion provides the structure, clarity, and insight you need to make better decisions—faster.

Key Capabilities

- **Unified Operations Oversight**
Track leases, tenants, maintenance, payments, and entitlements—all in one system.
- **Lease & Tenant Management**
Automate alerts for rent increases, expirations, revenue share agreements, and compliance dates.
- **Space Availability Mapping**
Visualize open inventory and co-location potential instantly with map-based views so you can eliminate guesswork and lease faster.
- **Maintenance & Vendor Coordination**
Assign, track, and document vendor tasks. Organize work orders, upload service documentation, and manage site-level costs.
- **Mobile Field Integration**
Capture photos, log checklists, and upload updates. Keep records current and auditable without double entry or data lag.

Why TowerVizion?

- ✓ Built for Telecom Infrastructure
- ✓ Modular by Design
- ✓ Quick to Deploy, Intuitive to Use
- ✓ Full Lifecycle Management

Key Benefits

Fewer Blind Spots: Replace spreadsheets and static dashboards with current data and alerts that surface the highest-priority actions.

Faster Revenue Capture: Visualize open space and lease potential before it goes idle. Proactively manage tenant expansion and onboarding.

Improved Accuracy & Accountability: Automate notifications and task tracking to reduce human error, speed up internal workflows, and improve recordkeeping.

Stronger Scalability: TowerVizion grows with you—without requiring costly re-platforming or complex IT support.

Is TowerVizion Right for You?

If your day involves...

- Tracking lease terms across dozens (or thousands) of sites
- Juggling vendor reports, emails, and spreadsheets
- Wondering which tenants are behind on payments
- Losing hours trying to verify site status before approving work
- Managing revenue and compliance with limited tools

...then yes, TowerVizion was built for you.
